

***Your*** access to Online Banking.

Login Instructions

**ADVANTAGE**   
FEDERAL CREDIT UNION

Where *smart* people do *smart* banking.

# Step-by-Step Login Guide

1. Verify your **member number**. (**YOUR** 6 digit account number)
2. Verify your **access pin**.\*  
(If you are unsure, stop by one of our branches & speak to a member service representative.)
3. Go to the Advantage website: **www.advantagefcu.org**
4. Enter your **member number** in the upper left box, click sign-on.
5. First time ONLY-Ignore the question that pops up & click on the highlighted word "**ENROLL**".
6. Enter your **member number** and **access pin**, click submit.
7. Answer the security questions.
8. Choose a login nick name (if desired).

(The login nickname can be used instead of your account number. A nickname is good to use in a public setting.)

9. Choose a security image.

(This is used to help you identify Internet Banking as a legitimate site. The text word you select will be converted to an image. When you log into home banking you will see the Security Text Image with a watermark logo behind it.)

10. To make changes to any of these settings, click **More Options**, then click **MFA**.  
It is good idea to change your PIN to an 8-10 digit number.

**You have now successfully enrolled and can access your account!**

\*Your **access pin** is a set of numbers between four and ten numbers long, probably different than your ATM or debit pin.
